SKORING BS Sp. z o.o. [a limited liability company] has been working with Code Town Sp. z o.o. in the following areas:

- Developing automated credit processing (consumers) for cooperative banks, credit and loan institutions, and independent organizations;
- Developing automated credit processing (institutional clients) for cooperative banks, credit and loan institutions, and independent organizations;
- Developing automated A/R collection processing for cooperative banks;
- Developing collections area programming for cooperative banks, credit and loan institutions, as well as programming for debt collections companies,
- Developing applications for selling insurance policies offered by banks, credit and loan institutions, and other companies,
- Updating all the above-listed programs, technical support for companies that have bought their software,
- Developing and offering employee training courses as part of the software installation,
- Installation of programs acquired by companies and technical support offered at every program implementation stage,
- Operating marketing campaigns, including support for us, i.e., SKORING BS,
- Canvassing for potential clients and then holding negotiations leading to concluding a sales agreements,
- Developing training videos for companies who have purchased the above apps.—

Code Town is a reliable partner who has been performing all the contracted jobs reliably and timely. They are willing to adapt to the client's needs; every job, no matter its size, is always performed professionally and thoroughly. The extensive experience and high professional qualifications both of the owners and the teams have produced excellent results which fully meet our expectations. We are especially grateful for their commitment, high quality services, and the willingness to tailor the product to the client's needs.—

Our cooperation has always been very efficient and Code Town Sp. z o.o. has always shown full commitment to the job; therefore, it is our pleasure to recommend them as specialists in this field and a reliable and trustworthy business partner.—

Sincerely
